- iii. Describe the building in which the occupancy is to be changed, with a description that will readily identify and locate the building;
  - iv. Identify and describe in detail the current and proposed occupancies of the building or part of a building for which the application is made; and,
  - v. Using Part 10 of The Ontario Building Code, include complete plans and specifications showing the current and proposed occupancy of all parts of the building, and which contain sufficient information to establish compliance with the requirements of The Ontario Building Code, including floor plans, details of wall, ceiling and roof assemblies, identifying required fire separations/fire resistance ratings and load bearing capacities, and details of the existing sewage system, if any.
- e. Where application is made for a sewage system permit issued under subsection 8(1) of the Act, the application shall:
- i. Use the Provincial application form, "Application for a Permit to Construct or Demolish"; as authorized under subsection 8(1.1) of the Building Code Act, 1992
  - ii. Include complete plans and specifications, documents, and other information as required under Article 1.3.5.4. Division C, Part 1, The Ontario Building Code and as described in Schedule C of this By-law for the work to be covered by the permit; and.
  - iii. Include completed forms as set out in Schedule B of this By-law, where applicable.
- f. Where application is made for a transfer of permit because of a change of ownership of the land, as permitted under clause 7.(1)(h) of the Act, the application shall:
- i. Provide the names and addresses of the previous and new owner;
  - ii. Provide the date that the land ownership change took place; and,
  - iii. Describe the permit that is being transferred.
- g. Where an application is found to be incomplete and does not comply with Article 1.3.1.3. Division C, Part 1 of The Building Code, the application may be accepted for processing at the discretion of the CBO, if the applicant acknowledges that the application is incomplete and therefore is not entitled to the time periods prescribed in Column 3 of Table 1.3.1.3. Division C, Part 1 of The Building Code.

**Conditional Permits**

11. When, in order to expedite work, approval of a portion of the building or project is desired prior to the issuance of a permit for the complete building or project:
  - a. An application shall be made, and all applicable fees associated with the scope of the partial permit, as well as for the complete project, shall be paid; and,
  - b. Complete plans and specifications covering the portion of the work for which immediate approval is desired shall be filed with the CBO.
  - c. Where a partial permit is requested the full building or project application is deemed to be incomplete.
12. Where a permit is issued for part of a building or project, this shall not be construed to authorize construction beyond the plans for which approval was given nor that approval will necessarily be granted for the entire building or project.

**Inactive Permit Application**

13. Where an application for a permit remains incomplete or inactive for six months after it is made, the application may be deemed by the CBO to have been abandoned and notice thereof shall be given to the applicant. If an application is deemed to be abandoned, a new application must be filed and new drawings submitted for the proposed work.

**Part V. Plans and Specifications****Information Sufficient to Determine Conformity**

14. Sufficient information shall be submitted with each application for a permit to enable the CBO to determine whether or not the proposed construction, demolition, change of use or transfer of permit will conform with the Act, The Ontario Building Code and any other Applicable Law.

**Two Complete Sets Required Unless Specified**

15. Each application shall, unless otherwise specified by the CBO, be accompanied by two complete sets of plans and specifications as described in Schedule C of this By-law.

**Plans Drawn to Scale on Durable Material**

16. Plans shall be drawn to scale on paper, electronic media approved by the CBO and shall be legible. When requested by the Municipality, plans shall be submitted by electronic media approved by the CBO.

**Site Plans Referenced to Plan of Survey**

17. Site plans shall be referenced to an up-to-date plan of survey, completed by an Ontario Land Surveyor and, when required to demonstrate compliance with the Act, The Ontario Building Code or other Applicable Law, a copy of the survey shall be submitted to the CBO.

**As Constructed Plans**

18. On completion of the construction of a building, the CBO may require a set of as constructed plans, including a plan of survey showing the location of the building.

**Changes to Plans**

19. After issuance of a permit under the Act, notice of any material change to a plan, specification, document, or other information on the basis of which a permit was issued, must be given in writing to the CBO together with the details of such change which is not to be made without the CBO written authorization.

**Alternative Solutions**

20. Where an application for a permit or for authorization to make a material change to a plan, specification, document, or other information on the basis of which a permit was issued, contains equivalent materials, techniques and systems for which authorization under Clause 1.2.1.1.(1)(b) Division A, Part 1, The Ontario Building Code is requested, the following information shall be provided:
  - a. A description of the proposed material, system or building design for which authorization under Clause 1.2.1.1.(1)(b) Division A, Part 1, The Ontario Building Code is requested including drawings and written description;
  - b. Any applicable provisions and functional & objective statements of The Ontario Building Code.
  - c. Evidence that the proposed material, system or building design will provide the level of performance required by The Ontario Building Code; and,
  - d. Completed forms set out in Schedule B of this By-law, where applicable.

**Plans – Property of Township**

21. Plans and specifications furnished according to this By-law or otherwise required by the Act become the property of the Township and will be disposed of or retained in accordance with the Municipal File Retention By-law as amended.

## **Part VI. Registered Code Agencies**

### **Agreement with Registered Code Agency**

22. Where the Township enters into an agreement with the registered code agency, the Township may appoint the agency to perform specified functions in respect of the construction of a building or class of buildings.

### **Appointment of Registered Code Agency**

23. The registered Code Agency may be appointed to perform one or more of the specified functions described in Section 15.15 of the Act.

## **Part VII. Fees and Refunds**

### **Due and Payable Upon Permit Issuance**

24. The CBO shall determine the required fees for the work proposed calculated in accordance with, Schedule E attached to this by-law, and where the fees payable are based on the prescribed value of the proposed work, the prescribed value of the proposed work shall mean the total cost of all work regulated by the permit, including the cost of all material, labour, equipment, overhead and professional and related services, but does not include the cost of the land.
25. The applicant shall pay the required fees at time of issuance of the permit and no permit shall be issued until the fees, therefore, have been paid in full.
26. Where the CBO has determined that the prescribed value to construct a building has been underestimated, the CBO will recalculate the permit fee to the revised prescribed value and the adjustment to the permit fee will be collected when the building permit is issued.

### **Work Without Permit**

27. Any person or Corporation who commences construction, demolition or changes the use of a building before submitting an application for a permit or receiving a permit, may, at the discretion of the CBO, be subject to all fines and penalties imposed under the Act., and Schedule E attached to this by-law.
28. In the case of withdrawal of an application, the abandonment of all or a portion of the work, refusal of a permit, or the non-commencement of any project, the CBO shall determine the amount of paid permit fees that may be refunded to the applicant, if any, in accordance with Schedule A of this By-law.

### **Revocation of Permit**

29. There shall be no refund of permit fees where a permit has been revoked under 8(10)(a) or 8(10)(f) of the Act.

## **Part VIII. Transfer of Permits**

### **Application Completed by New Owner**

30. A permit may be transferred if the new landowner provides the information in accordance with the requirements of Part 4, 10. f. of this By-law.

### **Fee for Transfer of Permit**

31. A fee shall be payable on an application for a transfer of permit as provided in Schedule E attached to this by-law.

### **New Owner Permit Holder Upon Transfer**

32. The new owner shall, upon a transfer of a permit, be the permit holder for the purpose of the Act and The Ontario Building Code.

## **Part IX. Revocation of Permits**

### **Notice of Revocation**

33. Prior to revoking a permit under subsection 8(10) of the Act, the CBO may serve a notice by personal service or registered mail at the last known address to the permit holder, and following a thirty (30) day period from the date of service the CBO may revoke the permit if grounds to revoke still exist without any further notice and all submitted plans and other information may be disposed of.

### **Deferral of Revocation**

34. A permit holder may within thirty (30) days from the date of service of a notice under this Part, request in writing to the CBO to defer the revocation by stating reasons why the permit should not be revoked. The CBO having regard to any changes to the Act, The Ontario Building Code or other Applicable Law may allow the deferral, in writing.

### **Fee for Deferral of Revocation**

35. A request for deferral shall be accompanied by the non-refundable fee therefore set out in Schedule E attached to this by-law.

### **Reduction of Refund**

36. A request for deferral of revocation is subject to an additional 5% refund reduction in accordance with section (1) of Schedule A of this By-law when a permit is subsequently revoked.

## **Part X. Notice Requirements for Inspections**

### **Notice Prior to Each Stage**

37. The permit holder shall notify the CBO of each stage of construction for which a mandatory notice is required under Article 1.3.5.1. Division C, Part 1, The Ontario Building Code and for additional notices as permitted under Article 1.3.5.2. Division C, Part 1, The Ontario Building Code. In addition, the permit holder shall provide the notice of completion as prescribed by Section 11 of the Act and 1.3.3.3. Division C, Part 1, The Ontario Building Code, or where occupancy is required prior to completion, notice of inspection to ensure that the requirements of Section 11 of the Act and Articles 1.3.3.1. & 1.3.3.2. Divisions C, Part 1, The Ontario Building Code are complied with.

### **Effective When Received by CBO**

38. A notice pursuant to this Part of the By-law is not effective until notice is actually received by the CBO.

### **Time Period – Inspections**

39. Upon receipt of proper notice, the Inspector shall undertake a site inspection of the building to which the notice relates in accordance with the time periods stated in Article 1.3.5.3. Division C, Part 1, The Ontario Building Code and Section 11 of the Act.

## **Part XI. Code of Conduct**

### **Code of Conduct for Building Officials**

40. The Code of Conduct and associated policies, as required under Section 7.1 of the Act, are set out in Schedule D of this By-law.

## **Part XII. Fencing**

### **Requirements for Construction Sites**

41. In addition to the requirements pertaining to Public Way Protection as set out in the Construction Project Regulations under the Occupational Health and Safety Act, the permit holder shall comply, and shall not cause or permit the builder or constructor under the permit to fail to comply with the provisions of this section.
42. Where a permit is issued on or after the date of enactment of this By-law, fencing sufficient to enclose the site of construction shall be maintained or erected and maintained, in compliance with the requirements of this section.
43. Every fence required under this section shall be a minimum 1.2 metres and a maximum of 1.8 metres in height, as measured from the highest adjacent grade.

44. Every fence required under this section shall be located on the perimeter of the construction site as determined by the CBO and constructed as follows:
- a. If of chain link construction, a minimum 38mm diamond mesh chain link securely fastened to at least 38mm diameter metal tube or pipe or the same thickness T-bar posts. Such metal posts shall not be more than 3.048m on centre and embedded into the ground, providing a secure and rigid support.
  - b. If of wood construction, the exterior face shall be at least 12.7mm thick exterior- grade plywood, particle board or equivalent material constructed so as not to provide footholds for climbing. The fencing shall be supported by at least 38mm wide by 89mm thick posts spaced at not greater than 2.438m on centre and embedded into the ground, providing a secure and rigid support.
  - c. If the fence is of snow fence or heavy gage plastic mesh type, the fencing shall be securely fastened to T-bar posts at not greater than 2.438m on centre and embedded into the ground, providing a secure and rigid support, and that a 38mm x 89mm top rail be secured to the posts and fencing secured to 38mm x 89mm rail.

  - iv. Mechanical Drawings
  - v. Electrical Drawings
  - vi. Complete On-Site Sewage System Permit application or evaluation of existing private sewage system where applicable
  - vii. Energy Efficiency Summary
- i. Designated Structures
  - The following plans prepared and stamped by a Professional Engineer:
    - i. Site Plan
    - ii. Grading Plan, where applicable
    - iii. Architectural Drawings
      - Elevations, where applicable
      - Sections and Detail, where applicable
- j. Farm Building
  - i. Site Plan
  - ii. Architectural, Structural, Mechanical & Electrical Drawings
  - iii. MDS calculations, if applicable
  - iv. Nutrient Management Strategy or Plan, if applicable
  - v. Complete On-Site Sewage System Permit application or evaluation of existing private sewage system where applicable
- k. On-Site Sewage Systems
  - i. Site evaluation report prepared by a Professional Engineer including soil permeability and soils conditions.

- ii. Site plan and grading/drainage plan(s)
  - iii. Sewage system design and drawings
  - iv. The CBO may require an Engineered plan and review on lots less than 2 acres (.8 ha).
- I. Swimming Pools
- i. Site Plan (note on the plan: the fence type and location plus pool size and setback from property lines and private sewage system where applicable) Grading Plan where required (See 2.b)
- m. Commercial Exhaust Hood (NFPA 96)
- i. Floor Plan
  - ii. Mechanical Plan, Details and Section
- n. Electro-Magnetic Locking Devices
- i. Floor Plan
  - ii. Electrical Plan, Details of connection with fire alarm system
- o. Plumbing or Backflow Prevention Device
- i. Plumbing Floor Plan
  - ii. Where applicable, a company letter describing proposed work
- p. Wood stoves
- i. Manufactures specifications.
  - ii. Wood Energy Technology Transfer (WETT) certification upon completion
2. Unless specified by the CBO, the following information shall be shown on plans or working drawings that accompany applications for permits:
- a. The Site Plan shall show:
- i. Survey property boundaries and dimensions, all building lines, bearings of metes and bounds and compass orientation (legal description);
  - ii. The location, use, height and dimensions of any existing and proposed buildings including front, side and rear yard dimensions and relationships to adjoining property lines and buildings and the proposed lot coverage;
  - iii. Existing and finished ground levels or grades, and first floor elevations referenced to an established datum at or adjacent to the site in respect of which an application is made;

- iv. Existing rights-of-way, easements, and municipal services; and,
  - v. All existing and proposed parking layout, fire access routes, retaining walls, swimming pools, accessory buildings, septic systems, wells and any other such physical additions to the site.
- b. Grading Plan and Site Servicing Plan(s) shall:
- i. Be completed by a Professional Engineer (P.Eng.) for new construction of residential, industrial, institutional, or commercial buildings.
  - ii. Be completed by an Ontario Land Surveyor (OLS), Certified Engineering Technologist (CET) or P.Eng. for all other projects.
  - iii. Include information and details in accordance with the Township of Woolwich Engineering Development and Infrastructure Manual (EDIM) to sufficiently demonstrate that:
  - iv. The proposed works are not untoward any Development Agreement registered on the lands (if applicable);
  - v. that the works will not have a negative impact on the subject property or any other property; and,
  - vi. that grading or servicing works associated with the project will be completed in accordance with Township Standards and good engineering practices.

Lands that are subject to a Development Agreement registered on the title of the lands must have final lot grading acceptance by the Township Manager of Development Engineering (Lot Grading Certification) prior to the issuance of a Building Permit for any works on the land that could alter the lot surface or impact the grading, servicing, or stormwater design, as determined by the Township Manager of Development Engineering. This includes but is not limited to projects that require the removal of topsoil and/or sod, additions to existing structures, and the installation of retaining walls, walkways, decks, patios, pools, and sheds. The property owner shall be responsible for contracting the home builder to verify that Final Certification has been issued.

The Township, Manager of Development Engineering at its discretion, may waive the requirement for Grading or Servicing Plans after considering the nature and scale of the proposed work and the anticipated impact on the site and surrounding environment.

- c. The Architectural Drawings shall show:
  - i. Ontario Building Code Matrix;
  - ii. Each floor plan with exact dimensions of the layout of all proposed areas and identify each with room names;
  - iii. All wall thicknesses and type of construction, window and door openings, locations, size and schedules, elevator, sections and details of all walls, stairs and exits, fire walls, fire separations, shaft and duct openings and other related pertinent information;
  - iv. Building elevations, cross sections and wall sections showing all floor-to-floor heights, materials, and thickness etc.; and,
  - v. Specifications where applicable.
- d. The Structural Drawings shall show:
  - i. All foundation, floor, roof and wall structural elements indicating sizes shapes and proper location and all dead and live design loads and condition of loading;
  - ii. All reinforced concrete work, indicating thickness and strength of concrete, size spacing minimum cover and type of reinforcing steel;
  - iii. All lintels, column and beam locations and their size and snow drift loading; and,
  - iv. Where applicable de-watering report and shoring or pile driving.
- e. The Mechanical and Electrical Drawings shall show:
  - i. Mechanical drawings are to show the plumbing, heating, ventilation, and air conditioning, including legends and schedules for compliance with OBC. For Part 9 buildings, if room allows this information can be shown on the same plan as the architectural;
  - ii. Electrical drawings are to show lighting, emergency lighting, exit signs, fire alarm systems and their legends and schedules for compliance with the OBC. For Part 9 buildings, if room allows, this information can be shown on the same plan as the architectural; and,
  - iii. Sprinkler and Standpipe drawings are to include floor plans and riser diagrams to locate the entire system including connections, and sprinkler heads.
- f. The On-Site Sewage System Report shall include the following:
  - i. The name, mailing address and telephone numbers of the person who prepared the report;
  - ii. The date the evaluation was completed;

- iii. A scaled map of the site showing;
  - 1. Legal description, lot size, property dimensions, existing rights- of-way, easements or municipal/utility corridors
  - 2. The locations of items listed in Tables 8.2.1.6.A, 8.2.1.6.B and 8.2.1.6.C Division B – Part 8 The Ontario Building Code
  - 3. The location of the proposed sewage system
  - 4. The location of any unsuitable, disturbed or compacted areas; and,
  - 5. The CBO may require an Engineered plan and review on lots less than one acre (0.40ha).
- iv. Soil investigation including:
  - 1. Depth of bedrock
  - 2. Depth to zones of soil saturation
  - 3. Soil properties and permeability
  - 4. Potential for flooding
- g. The following supporting documentation shall accompany applications for a permit, unless otherwise waived by the CBO:
  - i. Real Property Report (Survey Plan) prepared by an Ontario Land Surveyor;
  - ii. Driveway access permit approved by the authority having jurisdiction as may be applicable;
  - iii. Copy of Deed, if applicable;
  - iv. Where applicable, approvals by the Ontario Ministries of Labour, Energy & Natural Resources, Industry & tourism, Environment, the Ontario Liquor Control Board, Ontario Fire Marshall's Office, Conservation Authorities; and,
  - v. Such other approvals as may be required to demonstrate compliance with applicable Law.

The Township CBO, at its discretion, may waive any of the requirements noted above considering the nature and scale of the project.

## Schedule D - Code of Conduct

### Interpretation

#### Final Inspection Deposit:

A refundable deposit of \$1500.00 shall be collected for the following buildings; Single Family dwelling, Duplex, Semi-Detached, Townhouse and Triplex dwelling units, and shall be refunded less any re-inspection fees or unpaid invoices upon completion of the final inspection clearing off any outstanding items within 12 months of the Municipality issuing occupancy. Final inspection fee is in regards to the structure only.

#### Revision to Permit Fee:

A fee of \$0.04 per square foot of the revised floor area shall be paid for examination of revised plans. A minimum fee of \$125.00 shall be paid.

SCHEDULE "E"  
By-law 14-2024

**Grading Deposit:**

A refundable Grading Deposit shall be collected for each building permit application for a Single Family, Duplex, Semi-Detached, Townhouse and Triplex dwelling unit, in accordance with the Development Engineering Fees and Charges By-Law or a Development Agreement.

**The following guidelines are to be applied in the calculation of permit fees:**

1. Floor area of the proposed work is to be measured to the outer face of exterior walls and to the center line of party walls or demising walls.
2. In the case of interior alterations or renovations, area of proposed work is the actual space receiving the work, e.g. tenant suite.
3. Mechanical penthouses and floors, mezzanines, lofts, habitable attics and interior balconies are to be included in all floor area calculations.
4. Except for interconnected floor spaces, no deduction is made for openings within the floor area (e.g. stairs, elevators, escalators, shafts, ducts, etc).
5. Unfinished basements for single detached dwellings (including semis, duplexes and townhouses, etc.) are not included in the floor area.
6. Finished basements for single detached dwellings (including semis, duplexes and townhouses, etc.) are to be charged the interior finishing fee in Schedule 'A'.

SCHEDULE "E"  
By-law 14-2024

7. Fireplaces, HVAC, electrical, woodstoves, site services are included in the permit fee for single family dwellings.

8. Where interior alterations and renovations require relocation of sprinkler heads or fire alarm components, no additional charge is applicable.

9. Ceilings are included in both new and finished (partitioned) buildings. The permit fees for ceilings apply only when alterations occur in existing buildings. Minor alterations to existing ceilings to accommodate lighting of HVAC improvements are not chargeable fees.

10. Where demolitions of partitions or alterations to existing ceilings are part of an alteration or renovation permit, no additional fee is applicable.

11. Corridors, lobbies, washrooms, lounges, etc. are to be included and classified according to the major classification for the floor area on which they are located.

12. The classes of building permits and occupancy categories in the schedule correspond with the definitions of major occupancy classifications in the Ontario Building Code. For mixed occupancies, the permit fees for each of the applicable occupancy categories may be used.

13. The Chief Building Official shall determine fees for classifications of permits not described or included in the schedule.
