*OPEN ALL YEAR ROUND
@stjacobsmarket stjacobsmarket.com

Thank you for picking up this *Taste the Countryside Local Food Map* highlighting Waterloo Region's growers and *foodpreneurs* that create a diverse and exciting food scene worth exploring. We hope that it helps you find that perfect little something to bring a farm-to-table approach to your next meal.

We are proud of all of our local producers and partners and are excited by what they are doing to colour our local food scene with diversity, freshness and collaboration.

Whether you buy direct from a farm, patron one of our many local restaurants, or visit one of our award-winning Farmers' Markets, your choice to support the local food community is greatly appreciated. Thank you for exploring our region and we hope this map takes you on one amazing food adventure!

Every fall, when produce is bountiful, we team up with local restaurants and producers to bring you a **10-day food celebration** where local restaurants highlight produce from Waterloo Region's rural food providers in a **fall harvest-inspired menu**. It might be an item or a full meal, but we guarantee you'll be *tasting the countryside*.
